### Pet/Housesit Client Information Sheet - \$7

Many clients have mentioned how impressed they were by the fact that I'd put together a comprehensive form, and by the attention to detail, professionalism, and caring it shows to provide this as a part of my services.

**Make an equally good impression!**

The worksheets collect vital information for each house/pet sit. I then keep it for future reference, including notes I make about my experience of the dog/parents & whether I'd sit for them again or not (and why).

**Includes BOTH versions:**

- ✓ **Pet Sit only** (for having furry ones stay in your home with you), AND **House/petsit version**
- ✓ **Website recommendations and answers to, "Should I get paid? How much? What about utilities?"** and more!
- ✓ MS Word document (so you can customize/add your own contact information) and PDF generic form
